OBJECTIVE

Software Engineering graduate seeking an entry-level position to leverage my skills in Frontend technologies, UI/UX design, and Database Management. Eager to contribute to innovative projects and collaborate with a professional team to develop cutting-edge software solutions.

EDUCATION

Bachelor of Science Software Engineering 2019-2023
NED University of Engineering and Technology | Karachi, Pakistan

SKILLS

- HTML5, CSS3, JavaScript, Bootstrap5
- React/NextJs
- Python, OOP
- MySQL Workbench, Oracle, SQL Server Management Studio
- Wireframes
- Prototyping
- Figma
- Creativity
- Problem Solving

WORK EXPERIENCE

Trainee Software Developer March 2024 – June 2024
OneKode International Private Limited, Pakistan

- Acquired proficiency in Bubble.io, a low-code development platform, and utilized it to design and deploy a full-stack website and landing page.
- Translated Figma designs into fully functional websites using bubble.io
- Conducted and participated in client meetings, effectively handled client requirements and feedback.
- Effectively collaborate with the design team to translate concepts into responsive web applications.

PROJECTS

Final Year Project

- Developed a wearable device to continuously monitor patient ECG data without causing discomfort.
- Designed a user-friendly web application to display live ECG data and trigger alarms for abnormal readings.
- Securely stored real-time ECG data on Firebase, enabling historical data review for personalized treatment plans.
- Aims to revolutionize cardiac healthcare and improve patient outcomes through advanced technology and - medical expertise.

Portfolio Website

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript to showcase projects and skills effectively.
- Implemented a modern and responsive design, ensuring a seamless user experience across desktop, tablet, and mobile devices.
- Integrated smooth scrolling, animations, and interactive elements to improve user engagement and visual appeal.
- Deployed the website and make it publicly accessible at link.

UI/UX Design Projects

- Designed and implemented impactful solutions in Figma, leading to successful deployment in web and mobile platforms.
- Developed wireframes and prototypes that were used to create seamless user experiences. Explore my design portfolio link.
